

St. Mary's (Endowed) Church of England VA Primary School

Online Safety Policy

This policy is part of the School's Statutory Safeguarding Policy. Any issues and concerns with online safety must follow the school's safeguarding and child protection processes.

The member of staff with an overview of Online Safety is **Kathryn Jackson**

The Governor with an overview of Online Safety is **Rosalie Monbiot**

Contents

1. Introduction and Overview

- Rationale and Scope
- How the policy is communicated to staff/pupils/community
- Handling concerns
- Reviewing and Monitoring

2. Education and Curriculum

- Pupil online safety curriculum
- Staff and governor training
- Parent/Carer awareness and training

3. Incident Management

4. Managing the IT Infrastructure

- Internet access, security and filtering
- E-mail
- School website
- Cloud Environments
- Social networking

5. Data Security

- Management Information System access and data transfer

6. Equipment and Digital Content

- Bring Your Own Device Guidance for Staff and Pupils
- Digital images and video

Rationale

The purpose of this policy is to:

- Set out the key principles expected of all members of the school community at St. Mary's with respect to the use of technologies.
- Safeguard and protect the children and staff.
- Assist school staff working with children to work safely and responsibly with technologies and to monitor their own standards and practice.
- Set clear expectations of behaviour and/or codes of practice relevant to responsible use of technologies for educational, personal or recreational use for the whole school community.
- Have clear structures to deal with online abuse such as online bullying [noting that these need to be cross referenced with other school policies].
- Ensure that all members of the school community are aware that unlawful or unsafe behaviour is unacceptable and that, where appropriate, disciplinary or legal action will be taken.
- Minimise the risk of misplaced or malicious allegations made against adults who work with students.

The main areas of risk for our school community can be summarised as follows:

Content

- Exposure to inappropriate content
- Lifestyle websites promoting harmful behaviours
- Hate content
- Content validation: how to check authenticity and accuracy of online content

Contact

- Grooming (sexual exploitation, radicalisation etc.)
- Online bullying in all forms
- Social or commercial identity theft, including passwords

Conduct

- Aggressive behaviours (bullying)
- Privacy issues, including disclosure of personal information
- Digital footprint and online reputation
- Health and well-being (amount of time spent online, gambling, body image)
- Sexting
- Copyright (little care or consideration for intellectual property and ownership)

Scope

This policy applies to all members of St. Mary's community (including staff, students/pupils, volunteers, parents/carers, visitors, community users) who have access to and are users of school technologies, both in and out of the school.

Communication

The policy will be communicated to staff/pupils/community in the following ways:

- Policy to be posted on the school website/ staffroom/ classrooms
- Policy to be part of school induction pack for new staff, including information and guidance where appropriate
- All staff must read and sign the 'Staff Code of Conduct' before using any school technology resource

- Regular updates and training on online safety for all staff, including any revisions to the policy
- ICT Code of Conduct discussed with staff and pupils at the start of each year. ICT Code of Conduct to be issued to whole school community, on entry to the school.

Handling Concerns

- The school will take all reasonable precautions to ensure online safety is in line with current guidance from the Department for Education (DfE)
- Staff and pupils are given information about infringements in use and possible sanctions.
- Designated Safeguarding Lead (DSL) acts as first point of contact for any safeguarding incident whether involving technologies or not
- Any concern about staff misuse is always referred directly to the Headteacher, unless the concern is about the Headteacher in which case the concern is referred to the Chair of Governors

Review and Monitoring

The online safety policy is referenced within other school policies (e.g. Safeguarding and Child Protection policy, Anti-Bullying policy, SMSC).

- The online safety policy will be reviewed annually **or** when any significant changes occur with regard to the technologies in use within the school
- There is widespread ownership of the policy and it has been agreed by the staff team and approved by Governors. All amendments to the school online safety policy will be disseminated to all members of staff and pupils.

2. Education and Curriculum

Pupil online safety curriculum

This school:

- has a clear, progressive online safety education programme as part of the Computing curriculum/PSHE and other curriculum areas as relevant. This covers a range of skills and behaviours appropriate to their age and experience
- will remind students about their responsibilities through the pupil ICT Code of Conduct/ Acceptable Use Agreement(s)
- ensures staff are aware of their responsibility to model safe and responsible behaviour in their own use of technology, e.g. use of passwords, logging-off, use of content, research skills, copyright
- ensures that staff and pupils understand issues around plagiarism; how to check copyright and also know that they must respect and acknowledge copyright/intellectual property rights

Staff and governor training

This school:

- makes regular up to date training available to staff on online safety issues and the school's online safety education program
- provides, as part of the induction process, all staff [including those on university/college placement and work experience] with information and guidance on the Online Safety Policy and the school's ICT Code of Conduct/ Acceptable Use Agreements

Parent/Carer awareness and training

This school:

- provides information for parents/carers for online safety on the school website
- provides induction for parents which includes online safety
- runs a rolling programme of online safety advice, guidance and training for parents
- parents/carers are issued with up to date guidance on an annual basis

3. Incident management

In this school:

- there is strict monitoring and application of the online safety policy, including the ICT Code of Conduct/AUP and a differentiated and appropriate range of sanctions
- support is actively sought from other agencies as needed (i.e. the local authority, [UK Safer Internet Centre helpline](#), [CEOP](#), Police, [Internet Watch Foundation](#)) in dealing with online safety issues
- monitoring and reporting of online safety incidents takes place and contribute to developments in policy and practice in online safety within the school
- parents/carers are specifically informed of online safety incidents involving young people for whom they are responsible
- the Police will be contacted if one of our staff or pupils receives online communication that we consider is particularly disturbing or breaks the law
- we will immediately refer any suspected illegal material to the appropriate authorities – i.e. Police, Internet Watch Foundation and inform the LA

4. Managing IT and Communication System

Internet access, security and filtering

In this school:

- we follow guidelines issued by the Department for Education to ensure that we comply with minimum requirements for filtered broadband provision
- we maintain an ICT Code of Conduct/acceptable use policy (AUP) which differentiates between the obligations and responsibilities of different groups of users (teaching staff, administrative/managerial staff, pupils, governors)
- there is a facility to monitor individual user accounts for unusual usage.
- the ICT network is managed by the school's ICT technician and ICT Shared Services at Norfolk County Council manages a filtering service
- only authorised devices are connected to the school's network.
- all software is authorised by the Head teacher and installed by the school's ICT technician.
- the network is protected using McAfee Security
- devices and files holding sensitive data is password protected and accessed only by designated staff.
- all staff receive 2-yearly training on e-security
- staff are aware of all their responsibilities and obligations in relation to sensitive and personal data, particularly in the light of schools' roles as data controllers under The Data Protection Act 1998?
- the ICT technician is updated regularly on e-security risks and best practice.
- staff receive training in new software
- files stored in the school's server are automatically backed up

E-mail

This school

- Provides staff with an email account for their professional use, e.g. nsix.org.uk and makes clear personal email should be through a separate account
- We use anonymous e-mail addresses, for example head@, office@
- Will contact the Police if one of our staff or pupils receives an e-mail that we consider is particularly disturbing or breaks the law.
- Will ensure that email accounts are maintained and up to date

Pupils email:

- We use school provisioned pupil email accounts that can be audited
- Pupils are taught about the online safety and 'netiquette' of using e-mail both in school and at home.

Staff email:

- Staff will use LA or school provisioned e-mail systems for professional purposes
- Access in school to external personal e mail accounts may be blocked
- Never use email to transfer staff or pupil personal data unless it is protected with secure encryption. 'Protect-level' data should never be transferred by email. If there is no secure file transfer solution available for the situation, then the data / file must be protected with security encryption.

School website

- The school web site complies with statutory DfE requirements
- Most material is the school's own work; where other's work is published or linked to, we credit the sources used and state clearly the author's identity or status;
- Photographs of pupils published on the web do not have full names attached. We do not use pupils' names when saving images in the file names or in the tags when publishing to the school website;

Social networking

Staff, Volunteers and Contractors

- Staff are instructed to always keep professional and private communication separate.
- Teachers are instructed not to run social network spaces for student use on a personal basis or to open up their own spaces to their students, but to use the schools' preferred system for such communications.
- The use of any school approved social networking will adhere to ICT Code of Conduct/AUP

Pupils:

- Are taught about social networking, acceptable behaviours and how to report misuse, intimidation or abuse through our online safety curriculum work.
- Students are required to sign and follow our [age appropriate] pupil ICT Code of Conduct/AUP

Parents/Carers:

- Parents/carers are reminded about social networking risks and protocols through our parental ICT Code of Conduct/AUP and additional communications materials when required.

5. Data Security

Management Information System access and data transfer

- We use guidance from the [Information Commissioner's Office](#) to ensure that we comply with our responsibilities to information rights in school

6. Equipment and Digital Content

Using a personal device

- We use guidance from [The Education Network \(NEN\) around Bring Your Own Device](#)

Digital images and video

In this school:

- We gain parental/carer permission for use of digital photographs or video involving their child as part of the school agreement form when their daughter/son joins the school (or annually)
- We do not identify pupils in online photographic materials or include the full names of pupils in the credits of any published school produced video materials/DVDs
- Staff sign the school's ICT Code of Conduct/AUP and this includes a clause on the use of personal mobile phones/personal equipment
- If specific pupil photos (not group photos) are used on the school web site, in the prospectus or in other high profile publications the school will obtain individual parental or pupil permission for its long term, high profile use.

The Online Safety Policy has been written by the school, building on best practice and government guidance. It has been agreed by school staff and approved by governors.

This policy has been reviewed and adopted by the full Governing Body at the meeting on: 10/07/2018

Signed and dated by:

The Headteacher
Kathryn Jackson

10/07/2018

And

The Chair of Governors
Anne Cottingham
