

The Mystery Of Prehistory

Welcome back. This term we will be learning about Prehistory. We will discover how archaeologists have pieced together knowledge of this time period through the evidence that has been left behind. We will learn how early humans began to build settlements and use the land for growing plants and keeping animals.

A huge welcome to all of the new children in Beech Class. I will be shortly be sending home login details for TTRS to practise times tables at home. The year 4s will have to complete their statutory assessment in the summer. It is a timed assessment with only 6 seconds allowed for each question. For year 3s, the focus is on learning the times tables. We are continuing with Reading Karate so keep up with the reading at home. The children do not have to read their school reading book but their diary MUST be signed by an adult. Please check out this half-term's Topic homework sheet. You only need to complete one activity each half-term. We will now be having PE on Tuesday and Thursday. If your child is bringing in a pencil case from home please remove any pens including felt tips. If you have any questions or concerns please contact me after school or by email.

Mrs Bone and Miss Ni.
